

Control and Release of Parker Furnished Documents

**Upon invocation of this clause, Supplier shall abide by following Century Fastener's Terms and Conditions on delegation from Parker Aerospace's behalf.*

Parker Aero Documents furnished by Century Fasteners to the Supplier are furnished solely for the purpose of doing business with Century/Parker. Proprietary documents may be furnished to the Supplier in hard copy, electronic or other media. The Supplier is responsible for controlling and maintaining such documents to preclude improper use, loss, damage, alteration and/or deterioration.

Unless authorized by the Buyer in writing, the Supplier may not transmit or furnish any Century/Parker furnished documents, or copies of such documents, to anyone outside the Supplier's business organization except to a sub-tier source used by the Supplier for performance of work on the Century contract. The Supplier shall return to Century, or purge electronic copies of, all proprietary documents with the last delivery of products or services on the contract. Century may request the Supplier to furnish objective evidence or certification that proprietary documents have been purged. The Supplier shall flow down this requirement to all sub-tier sources, when such sources will be in receipt of Century/Parker proprietary documents during performance of work for the Supplier.
