

FOREIGN OBJECT DAMAGE (FOD) PREVENTION

Where NGC document “Procure-2-011” is required, this covers section 3.7 and is not the full document requirements.

3.7 FOREIGN OBJECT DAMAGE (FOD) PREVENTION

Seller shall maintain a FOD Prevention Program in accordance with Seller’s QMS which establishes a baseline FOD prevention policy/procedure.

Whenever or wherever Foreign Object Debris (FOD) can be entrapped or Foreign Objects (FO) can migrate, Seller shall ensure that applicable FOD prevention requirements are flowed down to Seller’s suppliers at every tier.
