***The following section applies only to Sikorsky procurements.***

**3.28 INSPECTION CHECKLIST**

Sikorsky Purchase Orders:

The supplier will prepare inspection checklists that list all dimensions/characteristics shown on the drawing and indicate by an acceptance stamp or signature that the dimensions/characteristics are acceptable. The tool/measuring instrument used to check each dimension/characteristic will be listed next to each characteristic. Inspection Certification for hardness characteristics must be provided for final part configuration as well as raw materials. Inspection documentation must contain foreign object damage (FOD) check.
